Finance Director John Waugh says the number of people who have bet at sports bet

ting is a "good indication" of the potential for a large increase in b

et size, and says that he believes it's "a matter of how many people wi

ll bet.

"In terms of the numbers, we can only imagine there will be a big increase,

" Waugh said.

"There's no evidence that betting is a good thing in this market,"

he said.

He added that the number of people who have bet in sports betting is a "goo

d indication" of the potential for a large increase in bet size, and says t

hat he believes it's "a matter of how many people will bet.
